HEAVY LOSS BY FIRE

FOUR HUNDRED THOUSAND DOLLARS' WORTH OF PROPERTY DESTROYED.

Duluth, July 16.—Four hundred thousand dollars' worth of property was destroyed Friday afternoon at the Omaha dock and warehouse owned by the Chicago, St. Paul, Minneapolis and Omaha railway, and one man, a cook, named George Smith, on the tug Abbott, was drowned in an attempt to make his escape from the dock as the flames swept over it with cyclonic rapidity from the docks.

The fire started in the northwest corner of the building and swept through the long sheds like a tornado, taking everything that stood in its path in less than half an hour. The flames were discovered about the entire line of sheds with a very furnace, including forty thousand of heavy black smoke that rolled away over the city, causing the freight cars that stood beside it to be filled.

It was the most disastrous fire witnessed in Duluth in years, and the most spectacular. Thousands of people lined the docks, the viaducts, the line of the cars and the sides of the hill to witness the fiery monster devouring thousands and thousands of dollars' worth of property.

Losses estimated in the first fire estimated as follows by the officials of the interested companies:

Estimates of Losses.

George M. Smith, general agent, places the value of the contents of the freight shed at \$200,000, or more. Value of the shed itself, \$50,000. Two hundred tons of package freight had been taken from the steamer Muhlen just previous to the fire, which is not included in the estimate. Manager Inman of the tug company values the tug, which he thinks will be an almost total loss, at \$20,000, for the Inman, \$15,000 for the Excelsior and \$10,000 for the Abbott. In addition to this was the damage to ten North-western freight cars amounting to about \$5,000.

The dock on which the shed stood will probably have to be entirely rebuilt.

The entire Omaha shed with all of its contents, the dock and nearly a score of loaded freight cars are a complete loss in addition to two of the tugs of the Great Lakes Towing Co., which were burned to the water's edge and another that is badly damaged.

The great freight shed, 1,300 feet in length and 80 feet in width, was filled with merchandise of all kinds. Cedar,

coffee, flour, canned goods and almost every conceivable kind of general merchandise made up the contents. There were over 100 car loads of sugar alone contained in the building.

Insurance on the dock property and warehouse and merchandise is said to be ample to cover the losses.

TWO FRENCHMEN KILLED.

Nine Japs Wounded in Drunken Brawl at Shanhaikwan.

Tientsin, July 16.—Two French soldiers were killed and others were wounded and nine Japanese soldiers were injured in a drunken brawl in the native section of Shanhaikwan last night between two Japanese and French soldiers. A policeman was also severely hurt. Bayonets were used by the soldiers.

WORK OF STYLISH ROBBERS.

Wealthy New York Contractor Sandbagged and Robbed.

New York, July 16.—Two highwaymen in silk hats, white kid gloves and evening dress, sandbagged William Gaynor, a wealthy contractor, in Times square, New York, and robbed him of \$150 in cash, a diamond pin and a gold watch and chain. The men were driven in a hotel in Tremont avenue in a stylish carriage by a chauffeur in livery, and there met Gaynor. They induced him to go with them a few steps from the hotel where they robbed him and left him unconscious. They were then driven away in their carriage, escaping their pursuers from the hotel, who had been aroused by Gaynor's cries.

The police have been unable to gain any trace of the men.

INJUNCTION CONTINUED.

Court Will Also Appoint Receiver for Property of Hanna Elias.

New York, July 16.—The temporary injunction obtained by John R. Platt, the aged millionaire, who is suing Hanna Elias, the negro, to recover \$65,000 worth of property deemed to be his during the years 1896, 1898, 1899 and 1901, which restrained a number of banks made party defendants to his action from paying to Mrs. Elias any moneys held by them on deposit by her pending the determination of the suit, was Friday continued by Justice Blanchard, who also announced that he would appoint a receiver of all the woman's property. He announced, however, that the proper allowances should be made to Mrs. Elias for living expenses.

WOULD AVOID BATTLE

GENERAL KUROPATKIN WANTS TO WAIT UNTIL THE RAINY SEASON IS ENDED.

RUSSIAN LINES CONTRACTING

RESULT OF RECENT FIGHTING COMPELS CONCENTRATION OF CZAR'S FORCES.

Chetso, July 16.—The result of recent fighting has compelled the further contraction of the Russian lines. Stakelberg abandoned Kalping with out strong resistance, retiring on Tchekiao with slight loss. Kuropatkin is unwilling to risk a general engagement at present because of inferior numbers. He desires to defer extensive operations until after the rainy season.

The breach between Kuropatkin and Alexieff is now open. No communications are exchanged except when strictly necessary. The morale of the army is weakened thereby. Kuropatkin's situation is extremely difficult. He is compelled to try and hold the country with inadequate numbers and has displayed extraordinary activity moving constantly to various danger points and often not sleeping for days. The Japanese strategy of operating behind a cloak of mountains compels the repeated shifting of the Russian troops, thus exhausting officers and men.

RUMOR DISCREDITED

JAPS PUT NO FAITH IN REPORT OF ALLEGED REPULSE AT PORT ARTHUR.

London, July 16.—The Tokio correspondent of the Times, in a dispatch filed at 8 45 p. m. July 15, says that the St. Petersburg story of a Japanese repulse with heavy casualties at Port Arthur July 16 is wholly discredited in Tokio, where no such reports have been received. It is believed that the story originated in Shanghai.

RUSSIAN LOSS INCREASES.

Placed at Over Five Thousand Men at Port Arthur.

Tscholetso, July 16.—The latest reports regarding the storming of Port Arthur July 16, place the Japanese losses in killed or wounded at 25,000 and those of the Russians at 5,000. The Japanese retired and the Russians occupied the position.

The Japanese retired in the wildest disorder.

The spirit of the Japanese, the dispatch says, is sinking as the result of the Port Arthur defeat.

Cholera and dysentery are epidemic at Fengwangcheng and there are many deaths daily. A heavy movement of Japanese is reported east of Hsichung.

The Russians reconnoitered almost to Kichou before meeting the Japanese. They drew the shrapnel fire of the Japanese, but having found them, the Russians retired without loss.

The Japanese have now changed their frontal position and a big battle is expected at the eastern portion of the defended coast to the Japanese landing movement.

CHECKED JAPANESE ADVANCE.

General Samsonoff Put One Thousand Out of Action.

Liaoyang, July 16.—General Samsonoff seriously checked the advance in the direction of Yinkow July 12. His Cossacks ambushed the Japanese column and put 1,000 out of action. The Japanese attempted to advance to Yinkow along the coast, but they were hindered by the marshy country, which also increased their difficulties in carrying off their dead and wounded during the retreat.

The Russians had expected a movement in this direction and a company of cavalry with two guns lay in ambush in the high grass, catching the Japanese in the most difficult part of the coast road and shattering their advance column. The artillery fire of the Russians was splendid and the Japanese were unable to make an effective reply. They were forced to retreat. The Russian losses were six killed and seven wounded.

PUZZLES THE RUSSIANS.

Lack of Official News Regarding Alleged Jap Defeat.

St. Petersburg, July 16.—The lack of further official news regarding the engagement at Port Arthur on the night of July 16 is very puzzling. That the Japanese were heavily defeated is not doubtful here but in the absence of further information the extent of the disaster that befell them is beginning to be seriously questioned.

Definite news has been received from Viceroy Alexieff's headquarters at Mukden that the week before the engagement at Port Arthur, Major General Fock administered a severe defeat on the Japanese July 4, and July 5, driving them from the heights commanding Lunsantan pass with a loss of 2,000. This is considered here as proof that there has been heavy

fighting before the fortress of Port Arthur and as making the silence of Tokio regarding it all the more significant.

AMERICAN BOAT SEIZED.

Fawen Captured by Russians and Taken Into Port Arthur.

London, July 16.—The Morning Post's Shanghai correspondent, cabling July 15, says that the Chicago Daily News dispatch boat Fawen has been seized by the Russians and towed into Port Arthur.

REPEATS THE OLD STORY.

Russian Correspondent Says Japs Were Defeated at Port Arthur.

St. Petersburg, July 16.—A Russian correspondent in the field repeats the story of a Japanese disaster at Port Arthur July 16 but does not add any details except the statement that after the repulse the Japanese fled in great disorder, pursued by the Russians.

He says that an aide to General Rennenkampf and seven Cossacks were wounded in the skirmish in which General Rennenkampf was shot, between Liaoyang and Salamatza, in which the Japanese were repulsed.

Two divisions of Japanese reinforcements are landing at Dainy, the correspondent says.

NAVAL BATTLE REPORTED.

Said to Have Occurred Friday Off Port Arthur.

London, July 16.—The Shanghai correspondent of the Morning Post, cabling under date of July 15, says: "A naval engagement took place today off Port Arthur."

NO REASON IS APPARENT.

Buffalo Man Kills His Wife, Daughter and Himself.

Buffalo, N. Y., July 16.—One of the most shocking tragedies that ever occurred in this city came to light when the dead bodies of Edgar T. Washburne, a member of the grain firm of Heathfield & Washburne on the board of trade, Washburne's wife and his young daughter, Gladys, fifteen years old, were found in a bedroom of their home in this city.

Mr. Washburne shot and killed his wife and daughter and then turned the weapon upon his own head and killed himself.

It is believed the deed was committed while Mr. Washburne was suffering from a temporary fit of insanity.

INJUNCTION GRANTED

THE PRO RATA DISTRIBUTION OF NORTHERN SECURITIES STOCK ENJOINED.

DEFEAT FOR HILL INTERESTS

BUT THE MAIN POINTS AT ISSUE WILL BE DECIDED SOME TIME IN FUTURE.

Trenton, N. J., July 16.—Judge Bradford has granted a preliminary injunction in the suit brought by Edward H. Harriman, Winslow S. Pierce and others to restrain the proposed pro rata distribution of the assets of the Northern Securities company. This is a defeat for the Hill interests.

The decision of Judge Bradford does not dispose of the main points at issue in the case, which were whether or not Harriman and Pierce should have returned to them the stock of the Northern Pacific company which they put into the Northern Securities company or whether they should have distributed to them the stock of both the Northern Pacific and Great Northern companies on the pro rata basis provided for by the directors of the Northern Securities company.

Judge Bradford devotes most of his opinion to the discussion of a legal question as to whether he should grant a preliminary injunction and he takes the position that as long as there is any doubt in the case and no injury can come to the complainants a preliminary injunction should be granted. He says further that the failure to grant a preliminary injunction

Would Permit the Distribution of the stock in the Northern Pacific company to which Harriman and Pierce claim title and put the complainants in a position where they would not be able to secure relief in which they would be entitled should the case be decided in their favor on final hearing.

The litigation turned largely on the question as to the title of the Northern Pacific stock which E. H. Harriman and Winslow S. Pierce put into

the combination and which amounted to about \$75,000,000. The contention of the Northern Securities company was that the stock had become the absolute property of that company and that it was perfectly legal for the Northern Securities company to carry out the pro rata plan of distribution upon which the company had agreed. Harriman contended that by reason of the corporation being declared illegal by the United States supreme court the title had not passed from Harriman and Pierce and in consequence they were entitled to have returned to them the particular stock they had put into the combination and which involved control of the Northern Pacific company.

CONFERS WITH JUDGE PARKER.

Sheehan Says National Committee Chairmanship Is Not Settled.

Esopus, N. Y., July 16.—Mr. Sheehan drove to Rosemount about 2 p. m. and had an hour's conference with Judge Parker. He declined to discuss the conversation. He said there were no differences to harmonize in New York and added that the chairmanship of the national committee was not settled.

On the question as to the national chairman Judge Parker has given much thought. At present four men are mentioned: Mr. Sheehan, Mr. Belmont, Senator Gorman and Mr. Taggart.

Mr. Sheehan does not want the position. There is a rumor in Kingston that Judge Parker's personal campaign headquarters would be established in Kingston and that he would meet visiting delegations there.

TRADE QUIET AND DULL.

Awaiting Clearer Views of the Crop Outlook.

New York, July 16.—Bradstreet's weekly review of trade says divers movements in trade, industry and speculation give an irregular appearance to the general business situation. Distributive trade and industry is still quiet and even dull, awaiting clearer views of the crop outlook. Damage to the winter wheat crop by heavy rains is admitted, though alleged to be exaggerated. Disorganizations in the meat slaughtering industry has followed a strike which, if not settled, as now seems likely, contains much power for evil. All meat prices have been advanced and cattle shipments checked. Railway gross earnings for the fiscal year will show an increase over the best previous years, but net results are less clearly defined, while the question whether an increase or decrease will be shown is still in doubt. The general undertone is one of confidence, good results being looked for by the business world from an expected large volume of fall trade. Viewed geographically, the South seems easily to have the best outlook.

HEARS NEWS

Has Weakened Under the Strain During the Meeting of the Pardon Board

HE STILL HAS SOME HOPES

The Execution of the Condemned Man at Walker Will Be the First in that County.

Wm. Chounard, convicted of the murder of his wife at Cass Lake and sentenced to hang for the crime, in his cell at the Cass county jail yesterday morning heard the news of the denial of the board of pardons of the petition for the commutation of the death sentence to life, says the Bemidji Pioneer. He was overcome and those who saw him when he received the news are best able to judge of the hope which he placed in the efforts of his friends and relatives to stay the edict of the law.

Ever since the first of the week when the board met Chounard has been nervous. He has anxiously awaited the board's decision on his case and has frequently expressed the belief that it would be commuted. Friends who have written him and his relatives who have visited him at the jail held out the hope of commutation and when he was informed that the names of Congressmen Buckman and Steenerson, eight of the jurors and three thousand of his friends and acquaintances in the district were attached to the petition he was in better spirits than at any time since his confinement. He expected the news Monday night and was nervous and slept little in anticipation. Early Tuesday morning he expected a telegram that would apprise him of his fate and when he learned that the hearing had been delayed he was visibly disappointed. Yesterday came the desired information. It was broken to him by the jailer. He heard it like a man dazed by some awful blow, hid his face from the attendants and gave vent to his grief and hopelessness in bitter weeping.

Governor Van Sant will fix the date of the execution on July 27. The time is entirely optional with the governor. He may fix it at any time, but the prevailing custom is to fix it some time within ninety days. It will probably occur in October or early in November.

The execution will be the first in Cass county and to Sheriff Hardy will fall the unpleasant duty of conducting it. The jail at Walker is too small to admit of its being conducted inside as required by law, where it is possible, and the gallows will be outside the jail in the court house yard. The execution must be made before sunrise on the day fixed by the governor. The usual hour is 12:30 o'clock. There is no precedent that fixes it, but the final details of the execution are always arranged as soon as possible after midnight and usually bring it about that time.

Chounard's conduct from this time on is variously estimated. Sheriff Hardy believes he will recover himself and go to the gallows like a man, but many who are acquainted with him say that he is mentally and physically incapable of the effort that this will require. Chounard was born and reared a Catholic and he receives frequent visits from and is developing a fast friendship with the priest at Walker.

LIBRARY DIRECTORS NAMED

Mayor A. J. Halsted Named Three New Members of Library Board to Fill Vacancies

The mayor has appointed H. T. Skinner, Prof. T. B. Hartley and Mrs. John N. Nevers members of the board of library directors. Under the new law relating to public libraries, which went into effect last year, three directors were appointed for one year, three for two years and three for three years. Rev. A. H. Carver, Mr. Hartley and Mrs. W. A. Fleming were appointed for the one year term, and upon Mr. Carver's departure from the city Mr. Skinner was appointed to succeed him. Messrs. Hartley and Skinner are therefore re-appointed, while Mrs. Nevers succeeds Mrs. Fleming, who did not wish to serve any longer. The appointments are for three years.

THE GREAT PACKERS' STRIKE

Will Have no Effect on the Brainerd Market According to Local Dealers' Statements.

The effect of the big packing houses strike was felt immediately in the large cities of New York, Chicago, Kansas City, etc. A representative of THE DAILY DISPATCH called upon the following local butchers to see whether Brainerd would suffer from this strike, with the following result:

Paine & McGinn—The strike will have no effect on us as far as we can see at present.

P. S. Walker, the Laurel street butcher, states that the strike will not effect him, that there is enough beef, pork, etc., among the farmers to supply his wants. Prices will remain the same at Brainerd.

E. C. Bane of the Union Grocery & Meat Market: "The strike of the packing house employees will have no effect on us; we use all the native beef we can get."

H. H. Baker: "We will have to depend on the country entirely now for our supply of beef etc., in the fresh meat line. Prices will remain the same here, the only difference being that we may not get the same grades of beef or extra cuts that we got previously."

PETITION TO KEEP BOYLE

Petition to be Circulated Requesting Supt. Anderson to Retain "Jim" Boyle After Apprenticeship is Completed.

There is a movement on foot to retain "Jim" Boyle in this city because of his value as a pitcher and general base ball enthusiast. Mr. Boyle is at present an apprentice in the machine side of the N. P. shops but his time will expire some time next month. It is a rule that apprentices, as soon as they become full fledged machinists, are not given a position here but have to leave for other places. Some of the base ball fans of the city, realize that Mr. Boyle is a tower of strength in the team and a petition is to be circulated among the business men requesting Supt. Anderson to retain the young man when his time is out.

The DISPATCH will be delivered at your door for 40 cents per month.

RAILROAD INCORPORATED

Logging Road Known as the Minneapolis & Rainy River Railway Company

Files Articles

Articles of incorporation were filed yesterday with the secretary of state for the Minneapolis & Rainy River Railway company, with a capital stock of \$1,000,000, and with prominent lumber men of Chicago, Minneapolis and Muskegon, Mich., interested in the proposed new line.

Authority is given the new company by its articles of incorporation to build a line of railway from Minneapolis through the counties of Hennepin, Ramsey, Anoka, Isanti, Kanabec, Mille Lacs, Aitkin, Crow Wing, Cass and Itasca, and thence through Itasca county to the Rainy River, in Itasca county. The right is given to build a branch line from a point in section 30, township 59, range 26, to a convenient point on the Big Fork river, and this is probably the part of the railroad that will be built first, and will be used as a logging railroad.

William T. Joyce, Chicago, is named as president; H. C. Akely, Minneapolis, vice president; Franklin G. Gerhard, Minneapolis, general manager, Charles H. Hackley, Muskegon, Mich., and Fred Bill, Minneapolis, are the two directors named in the articles of incorporation.

A NEW RULING

IN DOG CASES

Man who Became in Possession of Dog Since June 1 will not Have to Pay

STINEHOUR WANTS MONEY BACK

He Paid his License but now Claims he has Something Coming Back

Another chapter was enacted this morning in the dog license cases in the municipal court and one which opens up another phase of the question.

J. B. Stinehour was in police court this morning, being one of those who was notified to appear before his honor, Judge Warner, to answer to the charge of not paying his dog license for the year 1904. It seems in this case as in others Stinehour paid the license as soon as he was notified, and when his case came up this morning it was dismissed by the court.

This time the court dismissed the case on the ground that Mr. Stinehour did not own the dog in question on June 1. The statement made by Mr. Stinehour was to the effect that he became owner of the dog on June 3. This therefore, according to Judge Warner's ruling, exempts him from paying the tax.

Now Mr. Stinehour has decided to request the city council to refund his dollar.

The effect on the general public in the matter of issuing warrants for those who have not paid their dog licenses for the year 1904 is far reaching if the swelling of the city exchequer from this source is any criterion, but so far there have been no prosecutions. Those who have had warrants sworn out against them and have been notified to appear in court have succeeded in dodging the issue by some pretense or another and there has not been a single prosecution up to date. The men called into court in this manner, however, have paid their licenses as required by the ordinance. That helps some.

The Big Wrestling Match.

The big wrestling match between Chas. Moth and Oscar Moxie which will be pulled off at the Brainerd opera house on the evening of July 22 is attracting all kinds of attention and it is thought now the house will be packed to over flowing. Many in the city have seen Moxie at work during the past week. He works out about an hour or two every night and is getting his wind in good shape for the big event. Last night there were several local athletes who were on the mat with him as long as they could stand it and they say that the big fellow is the limit. He is as powerful as a giant, has the grip of a bear and is cunning and quick as a fox for so big a man. He will put up a battle royal. The other contestant is Chas. Moth and he is so well known throughout the country that little need be said regarding his work. He will put strength and prowess into play and the match should be one of the best ever witnessed in the northwest.

NOW AT A STANDSTILL

NO PROGRESS MADE IN NEGOTIATIONS TO END THE PACKINGHOUSE STRIKE.

TROUBLE LIKELY TO OCCUR

STRIKERS AT ST. PAUL WILL TRY TO KEEP NEW MEN FROM GOING TO WORK.

Chicago, July 16.—Negotiations for peace in the stockyard strike are practically at a standstill at present, and the strike will continue until one side or the other abates something of the demands made up to the present time.

Both sides are anxious for a possible settlement, but the stubborn block to a final adjustment is that neither side is prepared to allow the other to dictate the basis of the arbitration.

Friday afternoon the packers considered Mr. Donnelly's reply to their proposition of Thursday night, but it proved unsatisfactory, and the union officials were notified that it would be impossible to reach an agreement along the lines suggested by Mr. Donnelly. In their answer to Mr. Donnelly, the packers declared themselves willing to arbitrate, but stipulated that the arbitration should include the entire scope of the strike and not be subject to restrictions or limitations of any kind.

This communication of the packers was identical with the one sent Thursday by them to Mr. Donnelly, and to which his counter proposition of Friday was a reply. With the reply of the packers was sent a note to Mr. Donnelly notifying him that they would be ready for his answer Saturday and that if he desired another conference with them they would be pleased to meet him in another effort to reach a basis of arbitration.

No Conference Arranged.

No arrangements have as yet been made for another conference, but the reply of the unions to the last note of the packers will be sent today, after which Mr. Donnelly will leave for St. Paul, where he will address a mass meeting of strikers on Sunday afternoon.

With the increase in the working force the packinghouses were Friday able to fill all orders and slaughtering was done on a sufficiently large scale to warrant the buying at the yards in the morning. The workmen who have taken the places of strikers were not molested while in the yards and while they are at duty the packers declare the meat famine can be averted for many weeks. Around the stock yards last night the expression was general that the strike would last until next week.

The allied trades unions at the stockyards are becoming restive and unless a settlement is reached in the near future they may decide to step work in sympathy with the men already out. The members of the allied crafts at the yards in this city number between 14,000 and 15,000, and a majority of them belong to the union. A mass meeting of these men will be held tonight, when the question of their quitting work will be discussed. The work in the packing plants in this city continued Friday on a much larger scale than at any time since the strike has been declared. Many new men have been employed.

ANTICIPATE TROUBLE

PACKINGHOUSE OFFICIALS WILL TRY TO BREAK THE STRIKE AT ST. PAUL.

St. Paul, July 16.—The scale of the meat cutters' strike is apparently at hand.

Today Swift & Co. will try to force an entrance for strike breakers to the company's plant and the strikers and their sympathizers say that they shall not do so. At an early hour this morning an organized picket body, 500 strong, was ordered on duty to block the plant of the packers.

There is every indication that there will be trouble when Swift & Co. attempt to force strike breakers through the picket line of the union men, it being generally conceded that if the new men are allowed to enter the building the strike is lost.

The force available to break through the picket line will number about 100 men, ninety of this force will be deputy sheriffs, six policemen, and the remainder officers and important employees of the company.

All strikers have been notified that they should be on hand to resist the effort to take in the strike breakers, and the forty women strikers have been summoned to the scene.

It is planned to have the women line up across the street with interlocked arms and compel the deputies to use force to compel them to give way. The union men figure that the deputies and police will be slow to force their way through the line of women. In front of the women will be a solid line of men, and at their rear, the strongest and most determined of the union men, to if possible, prevent the breaking of the line of women if the officers should reach that far.

J. S. Bangs, local manager of Swift & Co., asked Governor Van Sant to order militia to the scene of the strike. The request will not be granted until Sheriff Grism and Mayor Lytle ask for state assistance.

President Willis of the union will talk to the engineers and firemen if the strike is not soon settled, thus silencing the machinery of the plant. The carpenters, wheelmen and ice-men sent word that they had joined the strikers Friday. This added about eighty men to those out.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist whom you know what he thinks of ORRINE; he will endorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time! Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box.

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

CALL ON PRESIDENT ROOSEVELT.

George B. Cortelyou and Senator Platt at Oyster Bay.

Oyster Bay, N. Y., July 16.—Chairman George B. Cortelyou of the Republican national committee, paid a hurried visit to President Roosevelt last evening and he and Mr. Loeb dined with the president. Mr. Cortelyou returned to New York at night. He said that his call on the president was of no special significance.

Senator Platt of New York was the guest of President Roosevelt at luncheon and spent several hours with him. Senator Platt said:

"I had a pleasant and satisfactory talk with President Roosevelt. We discussed national political affairs and to some extent political conditions in New York state. We did not consider the subject of the Republican gubernatorial nomination at all. I think we both may be said to be for the man who has the greatest strength with the people."

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membrane.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist whom you know what he thinks of ORRINE; he will endorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box.

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

All Correspondence Confidential.

CALL ON PRESIDENT ROOSEVELT.

George B. Cortelyou and Senator Platt at Oyster Bay.

Oyster Bay, N. Y., July 16.—Chairman George B. Cortelyou of the Republican national committee, paid a hurried visit to President Roosevelt last evening and he and Mr. Loeb dined with the president. Mr. Cortelyou returned to New York at night. He said that his call on the president was of no special significance.

Senator Platt of New York was the guest of President Roosevelt at luncheon and spent several hours with him. Senator Platt said:

"I had a pleasant and satisfactory talk with President Roosevelt. We discussed national political affairs and to some extent political conditions in New York state. We did not consider the subject of the Republican gubernatorial nomination at all. I think we both may be said to be for the man who has the greatest strength with the people."
